L'esperienza visiva dei prodotti **Myyour** è estremamente importante. Questa include l'illuminazione, l'arredamento per la casa e per il settore contract, e i complementi, come tappeti e cuscini, che aiutano sempre a creare un ambiente accogliente.

La tendenza si concretizza nell'utilizzo della materia plastica attraverso nuove tecniche di lavorazione, che ne trasformano la superficie in infinite possibilità in grado di soddisfare sia la vista che il tatto.

Esprimere un'estetica che renda felici le persone, congiuntamente alla capacità tecnica, che garantisce sicurezza e qualità nei prodotti, è il fondamento su cui, ogni giorno, tutto il team **Myyour** lavora.

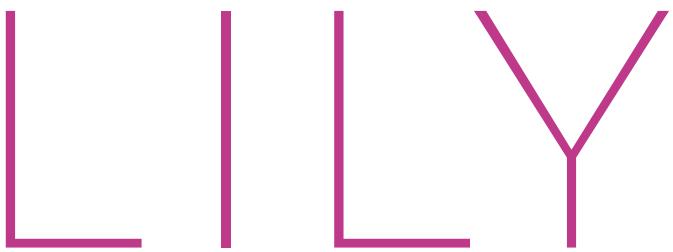

The visual experience of **Myyour's** products is extremely important. This includes lighting, furnishings, for the home and for the contract sector, and accessories as rugs and pillows, which always help to create a welcoming environment.

The trend is realized in the use of plastic material through new processing techniques, which transform the surface into endless possibilities able to satisfy both the eye and the touch.

Express an aesthetic that makes people happy, together with the technical ability, which guarantees safety and quality of products, it's the foundation with which, every day, all the **Myyour** team works.

Lily è una collezione forte e poetica, disegnata da MoreDesign. Il cuore del progetto Lily è il concetto del petalo di fiore, la cui forma fluente sfida le tecniche di ingegnerizzazione.

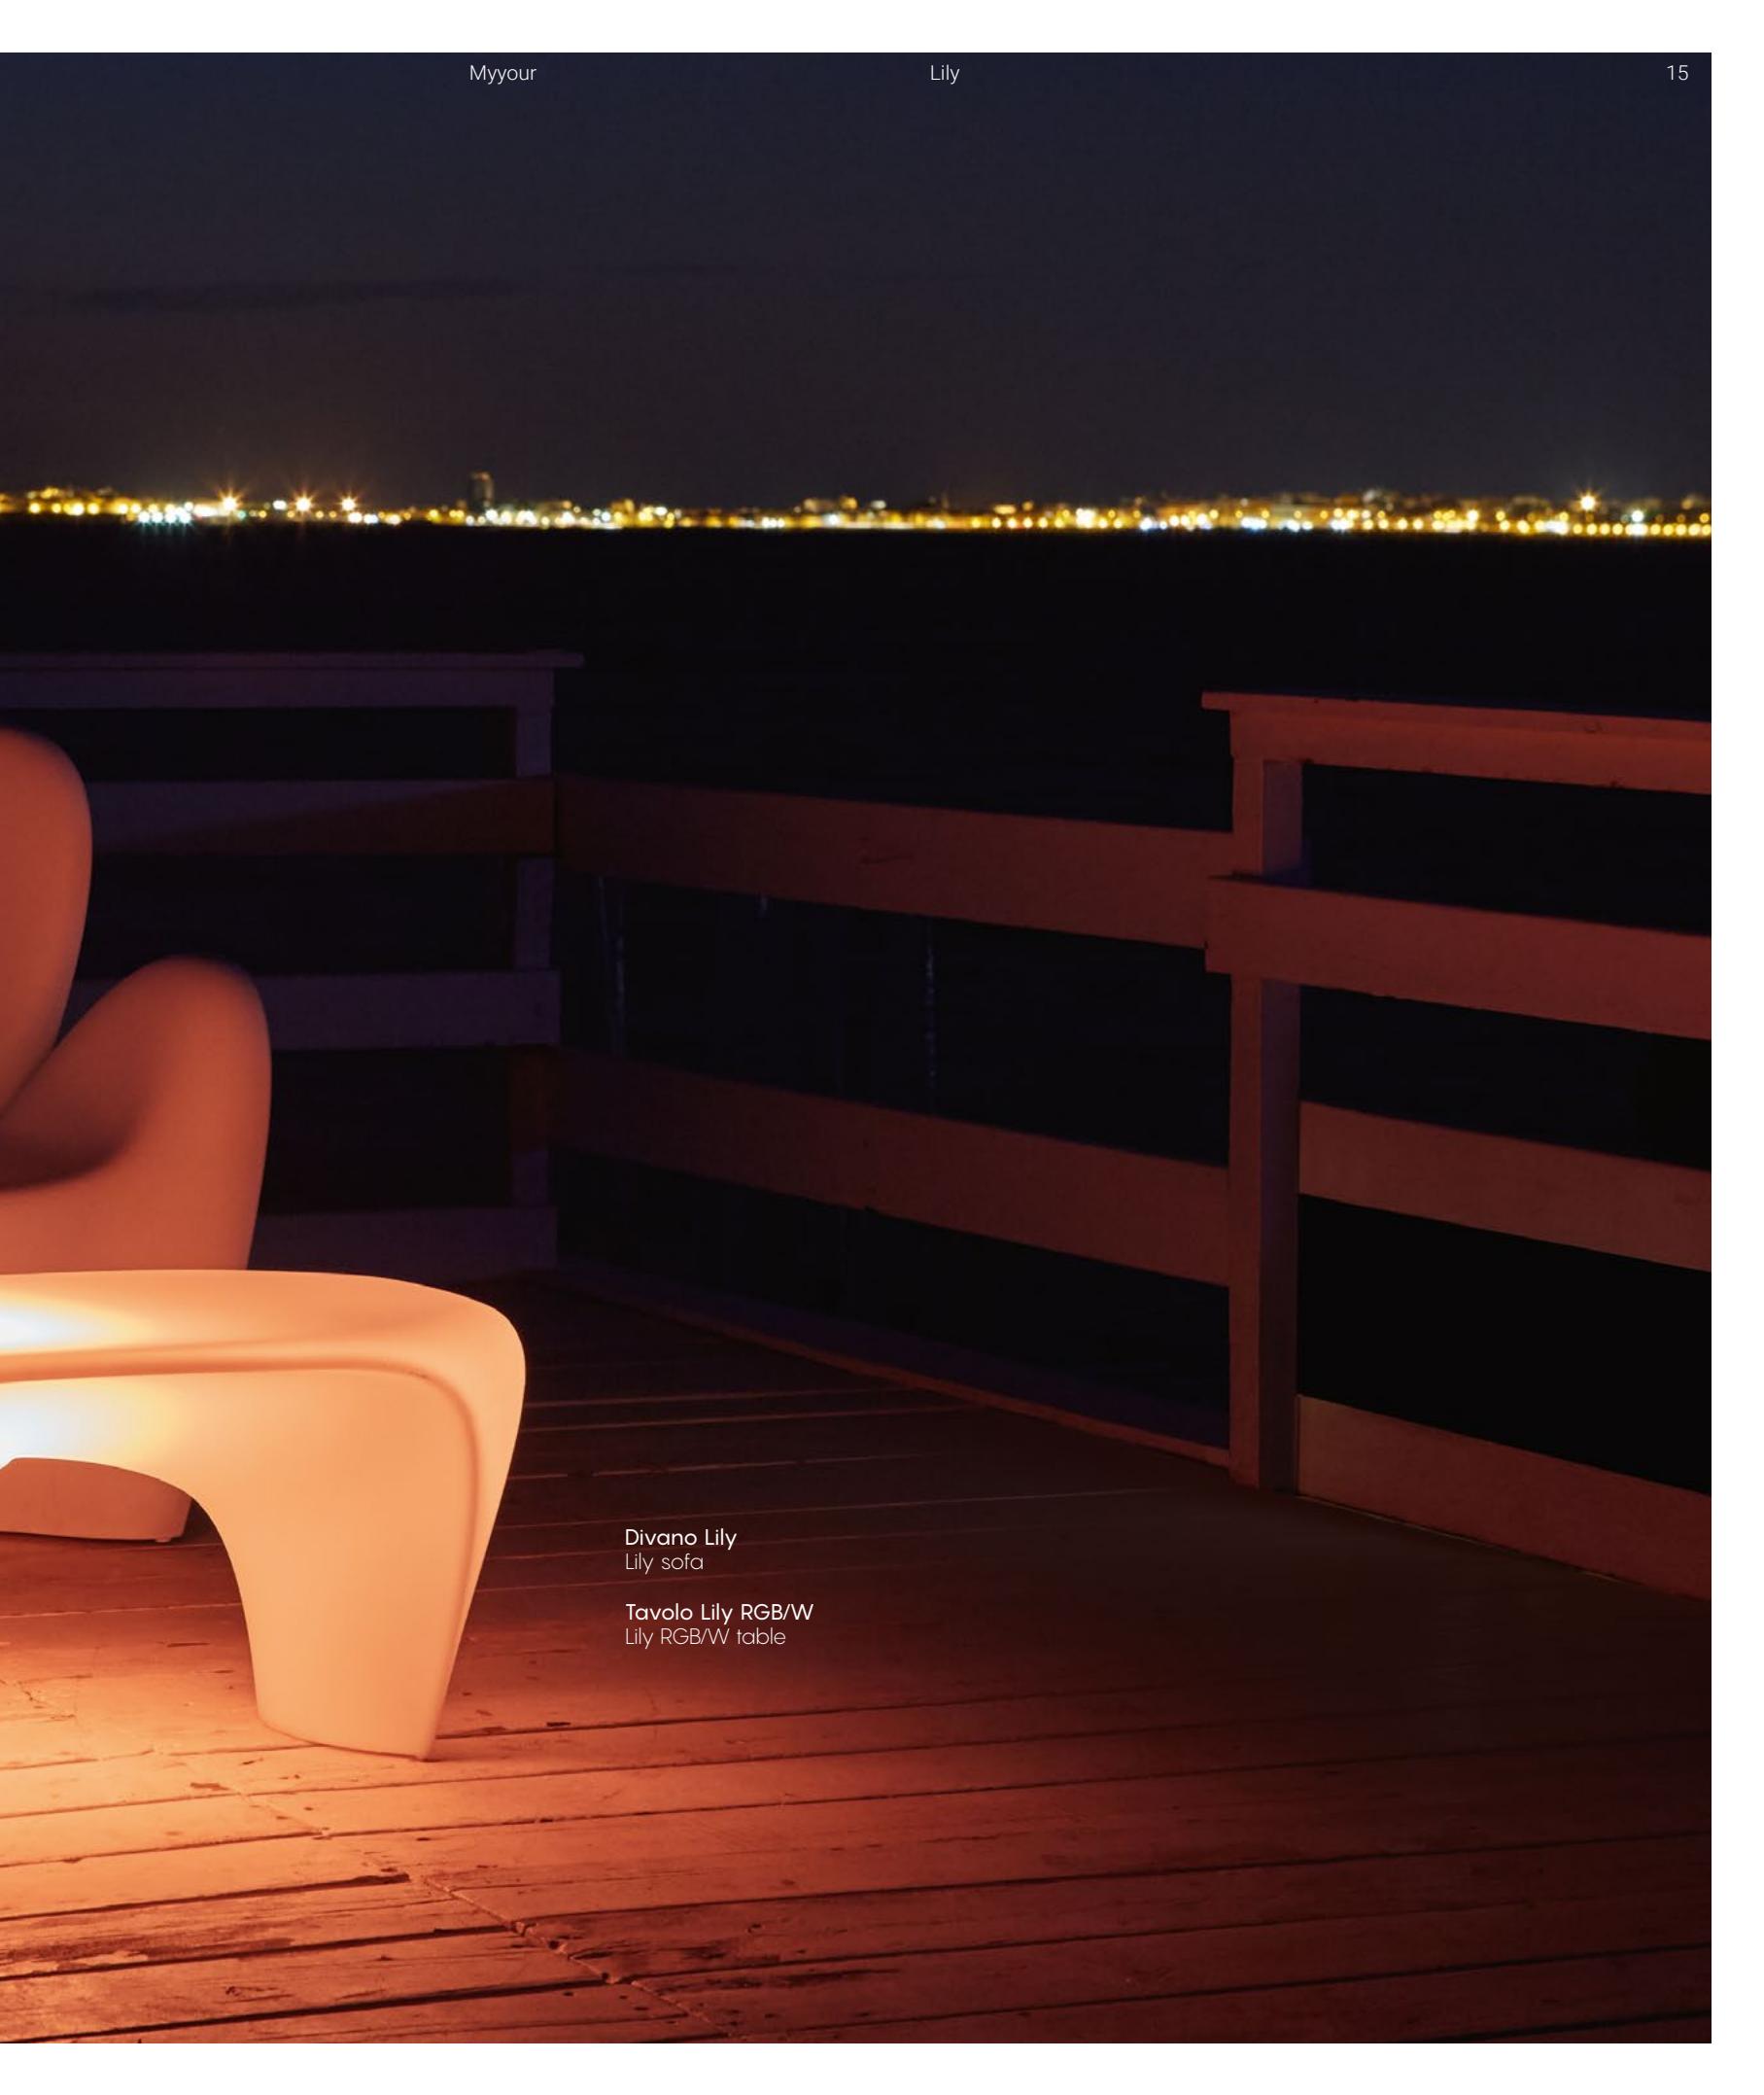

Un'interpretazione fresca e nuova del concetto living e dining, ovunque voi siate.

Lily is a strong and poetic collection designed by MoreDesign. The heart of Lily's project is the flower petal concept, whom organic shape challenges engineering techniques.

A fresh and new interpretation of the concept of living and dining, wherever you are.

A large, stylized word "NOVA" is centered on the page. The letters are formed by thick, dark brown outlines. The "N" is a simple vertical line with a diagonal stroke. The "O" is a circle. The "V" is a downward-pointing triangle. The "A" is a downward-pointing triangle with a horizontal bar across its middle.

Una raffinata semplicità contraddistingue il divano S e la poltrona Nova; il loro design pulito e neutro, caratterizzato da linee essenziali ed eleganti, li rende oggetti inseribili in qualsiasi contesto stilistico.

A refined simplicity distinguishes the Nova sofa S and Nova armchair; their clean and neutral design, characterized by essential and elegant lines, makes them objects that can be inserted into any stylistic context.

2054

2054 imbottito segue lo stesso linguaggio del monoblocco fatto di superfici planari e raccordi circolari con in più il comfort della seduta in dryfeel che ne permette l'utilizzo all'esterno.

2054 è un sistema modulare di sedute interamente in Poleasy pensate tanto per l'indoor quanto per l'outdoor.

2054 interpreta un design minimal e futuristico e introduce un concetto molto versatile di modularità. Un semplice aggancio permette di avere una poltrona singola o un divano componibile di lunghezza variabile con la possibilità di scegliere tra versione illuminata o senza luce.

Upholstered version of 2054 follows the same language of the monoblock made of planar surfaces and circular fittings but with the added comfort of dryfeel sitting that allows it to be used outdoors.

2054 is a modular system entirely in Poleasy thought for both indoor and outdoor.

2054 translates a minimal and futuristic design and introduces a versatile concept of modularity. A simple hang permit to have a single armchair or a composable sofa of variable lengths with the possibility to choose between illuminable version or without light.

COMMUNITY SET

Tavoli e sedie si fondono in un'unica forma, così Community diventa metafora dell'aggregazione che stimola grazie ad atmosfere informali e amichevoli.

Grazie ai tavoli con piano in Corian, HPL o vetro satinato temperato il sistema Community offre 4, 6, 8 oppure 10 posti e permettono l'allestimento di qualsiasi spazio pubblico o privato.

Tables and chairs merge into a single form. So Community becomes a metaphor of the aggregation that stimulates, in an informal and friendly atmosphere.

Thanks to the table with Corian, HPL or satin glass top, the Community system offers 4, 6, 8 or 10 places and allows the outfitting of any public and private space.

MISS PETRA

Con le sue curve morbide ed estreme, Miss Petra sfida la gravità con una resistenza insuperabile. Questa forma esile e senza spigoli nasconde una struttura potente. Un vero gioiello di design con forme sinuose, avvolgenti e confortevoli.

The extremely soft curves of Miss Petra defy gravity with an overwhelming resistance. This slender form, which does not have any edges, hides a powerful structure. A real gemstone of design with curvy, enveloping and comfortable forms.

CHIPS

Lo svuotamento della materia, la riduzione sintetica della struttura lungo le linee tensionali, "nervose", organiche della scocca in polietilene, genera una sedia eterea, realizzata sia con gambe che con slitta.

Lo sgabello Chips completa questa serie di sedute con due altezze abbinabili rispettivamente all'ambiente domestico e ai locali pubblici.

Un etereo quadrifoglio ritagliato dal piano in HPL e sospeso su steli metallici che lo fanno librare leggero. Un tavolo impilabile, anticonvenzionale, capace di convivere con la storia, di interpretare il presente, di sognare un futuro.

Leggerezza e praticità sono le caratteristiche vincenti che caratterizzano anche la panca. Realizzata in polietilene con scelta fra numerosi colori lucidi stampati, la panca Chips dispone di telaio a tubo unico verniciato con processo unico di cataforesi antiruggine ad immersione che caratterizza tutta la serie.

The emptying of matter, the synthetic reduction of the structure along the "nervous", stress lines, the organics of the polyethylene body, generate an ethereal chair, realized with legs or slide.

The Chips stool complete this serie of seats with two heights matching respectively to the domestic and public places.

An ethereal four-leaf lover cut out of the HPL top and suspended on metal stems that make it lightly glide. A stackable, unconventional table, capable of living in harmony with history, of interpreting the present and dreaming the future.

Lightweight and convenience represent the winning characteristics of the bench too. Realized in polyethylene with a wide choice of smooth finished colors, Chips bench has a structure that is made with a single coated tube, which has undergone an anti-rust process such as the electroplating process by dipping, distinguishing the entire collection.

Abbiamo cercato di coniugare in&outdoor uscendo dalle forme classiche traendo come forma di ispirazione una "navicella spaziale" e il primo sbarco sulla luna.

Linee decisive, figura semplice, senza perdere di vista gli aspetti pratici del trasporto e dell'archiviazione , che permettono di sistemare due pouf nell'ingombro di uno, grazie alla sua simmetria. Se capovolto, Mr Lem diventa base di un simpatico tavolino con piano in vetro o HPL.

We have tried to join in&outdoor by abandoning the classic shapes using a "space ship" and the first landing on the Moon as inspiration.

Decisive lines and simple shape, without losing sight of the more practical aspects tied to transport and placement, which enable putting two poufs in the space of one, thanks to symmetry.

If turned upside down, Mr Lem become a funny base a table with glass or HPL top.

BART

Simbolo di moda e tendenza, Bart si presta a differenti soluzioni d'arredo. E' sgabello, ma anche tavolo che caratterizza inconfondibilmente un ambiente, con la sovrapposizione di un piano di vetro trasparente o in HPL. E' sempre lui: Jolly Roger. Qui però si presenta con stile, con accenti festaioli ma sempre in tono decisamente cool.

Accetta così di cambiare abito, colore, di farsi sgabello, tavolo.

Fashion and trend symbol, Bart lends itself to various design solutions. It is a stool, but it is also a table that characterized uniquely the environment, with the superposition of a top of transparent glass or HPL. It's always him: Jolly Roger. Here it comes with style, with party-loving accents but always in a very cool tone.

It accepts to change clothing, colour, to become a stool, a table.

Oxford sgabello grazie alle sue geometrie dissimula il materiale plastico di cui è composto ricordando la classica forma dello sgabello treppiede in legno. Oxford tavolo è un tavolo alto con la possibilità di scegliere il piano tra tondo in Poleasy oppure rotondo o quadrato in HPL. Lo smontaggio delle gambe assicura inoltre un contenuto volume di trasporto e stoccaggio.

Oxford stool due to its geometry conceals the plastic material of which it is composed recalling the classical form of the wooden tripod stool. La vivacità di Liberty nasce dal gioco dei vuoti e dei pieni. Gli ampi fori nel tronco cavo esaltano, con la loro asimmetria, l'energia della superficie bicolore. Perfettamente impilabili, sgabelli e tavoli Liberty occupano e liberano l'ambiente con un originale tocco di design.

NOVA
BAN
CONCONE

La leggerezza e l'essenzialità nelle linee sono il leit motif di tutta la collezione Nova.

Trasportate nel mondo dei banconi bar, esse permettono a My your di arricchire la famiglia di quest'ultimi con altri due elementi dal design elegante e dalla versatilità sorprendente.

Senza luce, illuminati o con la finitura OV, i banconi Nova impreziosiscono il luogo che li accoglie, senza appesantire lo sguardo di chi si se ne serve, sia esso operatore o cliente.

La cocktail station dedicata, infine, permette di disporre in maniera ordinata degli ingredienti necessari per accendere le grandi serate di festa.

The lightness and essentiality of the lines are the leitmotif of the entire Nova collection.

Transported to the world of bar counters, they allow My your to enrich the latter's family with two other elements of elegant design and surprising versatility.

Without light, illuminated or with the OV finishing, the Nova counters embellish the place that welcomes them, without weighing down the look of those who use it, be it operator or customer.

Finally, the dedicated cocktail station allows to order the ingredients needed for turning on the big party nights.

Dublin è all'occorrenza bancone bar, modulo cassa e reception le cui forme sono ispirate ai banconi dei vecchi pub irlandesi.

I fianchi richiudibili per il modulo lineare, la possibilità di personalizzare la facciata, i diversi tipi di illuminazione e la sua maneggevolezza rendono Dublin uno strumento perfetto per qualsiasi situazione.

Dublin is if needed bar counter, cash and reception module. whose shapes are inspired by the counters of the old Irish pub.

The closable sides for the straight module, the possibility to customize the facade, the different types of lighting and ease of handling, make Dublin a perfect tool for any situation.

Immaginate un'onda plastica e sinuosa che si materializza in un bancone; immaginate di poterla liberamente comporre in svariate forme e colori; immaginate di farla vivere e vibrare con i più fantasiosi effetti cromatici e luminosi; immaginate infine di poterla ripiegare su se stessa per trasportarla ovunque vi serva, o metterla da parte.
Baraonda è tutto questo: un bancone da bar difficile da collocare in una categoria predefinita, perché ne crea una totalmente nuova.

Imagine a plastic and sine wave turned into a counter; image to be freely able to mix it in different shapes and colours; imagine to live and vibrate it with the many different bright and lively colours; finally imagine to be able to fold it on itself to move it everywhere or put it aside.

Baraonda is all these things: a bar counter difficult to place in a specific category, as it creates a totally new one.

NON VASO

Non essere vaso, ma anche esserlo nella sua essenza/assenza non è un dilemma intellettuale, ma un'idea aperta a infinite possibilità.

Il vuoto come spazio libero, svincolato dalla tristezza della materia, ispiratore nella forma, surreale ma presente, concreto e reale.

Lampo di intuizione per ampliare la percezione: dentro, oltre, attraverso.

Ma non era un vaso?

Not being a pot, but also being it in its essence/absence: not an intellectual dilemma, but an idea opened to endless possibilities.

The emptiness as a free space, free of the sadness of the matter, with an inspiring form, surreal but present, concrete and real.

Eureka moment to extend the perception: inside, over, through. But wasn't it a pot?

Un'idea sofisticata, elegante e con finiture di alto livello come ad esempio la versione rivestita.

Il design di Zoe si integra armoniosamente con il sistema di regolazione dello schienale risolto con l'impiego di un pistone a gas azionabile da un semplice pulsante.

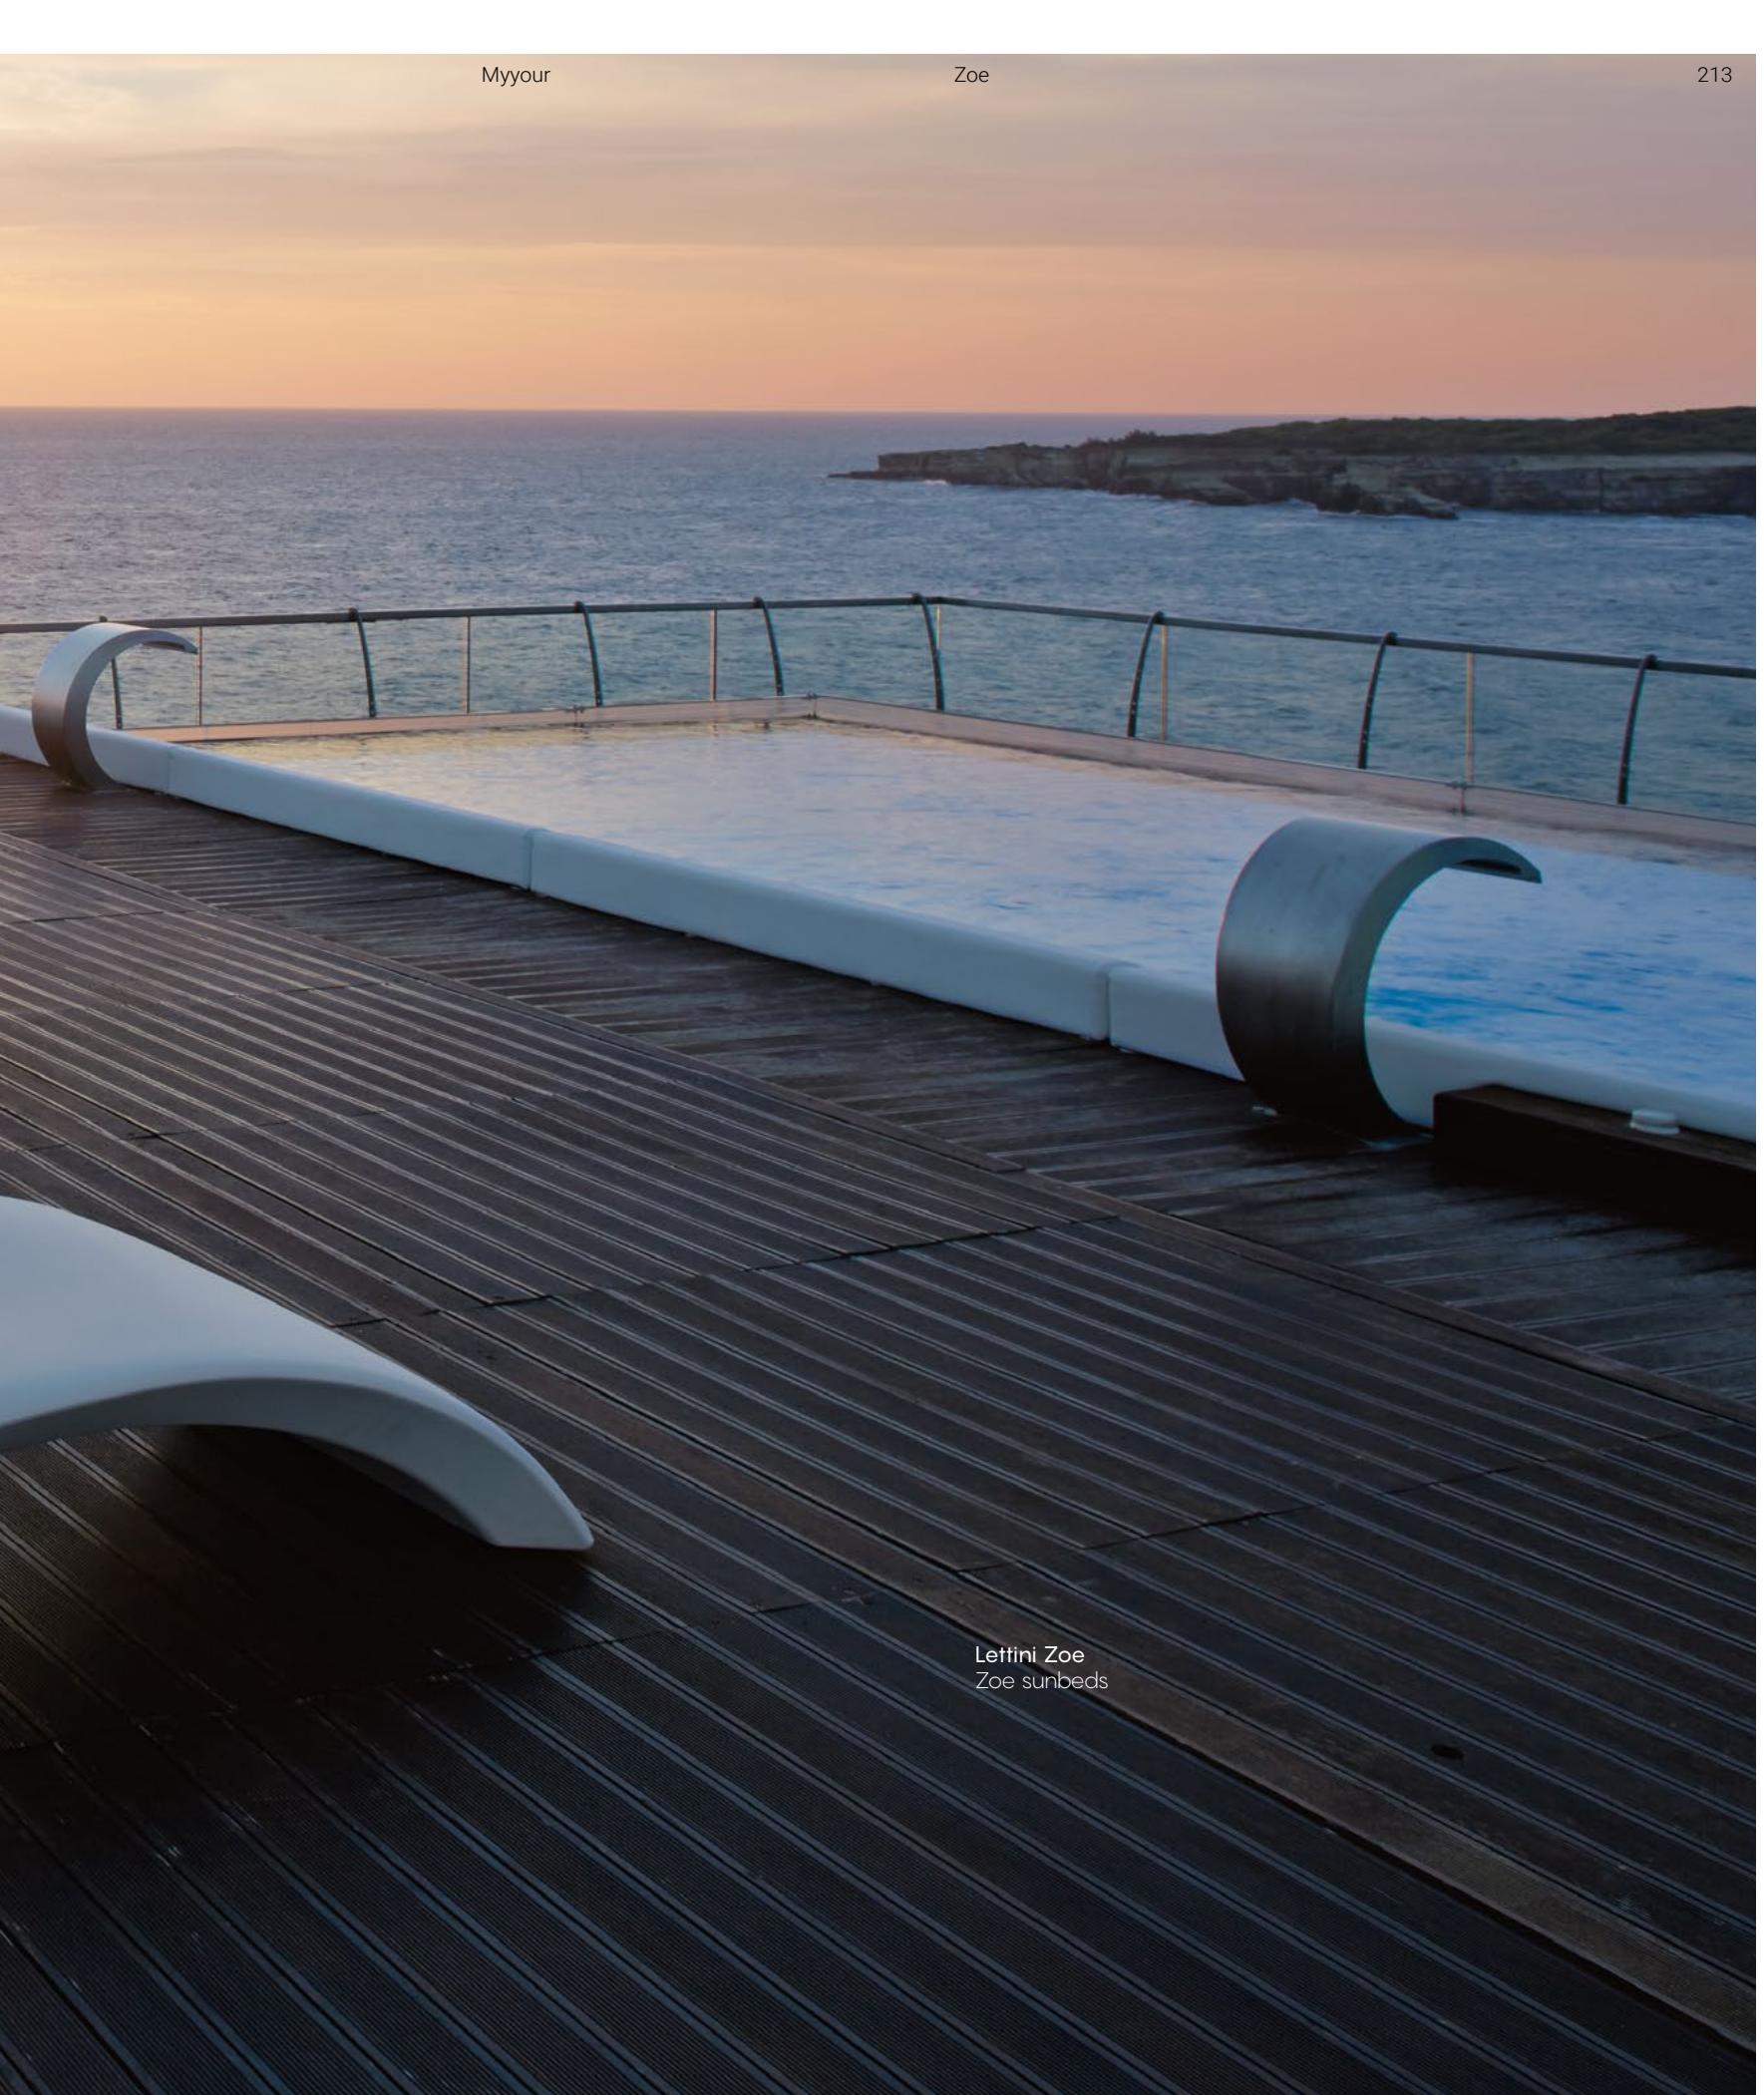

La scocca in Poleasy contiene dispositivi metallici interamente cromati che garantiscono una lunga totale resistenza agli agenti atmosferici.

A sophisticated and elegant idea with high quality finishes, as in upholstered version.

Zoe's design harmoniously blends in with the back adjustment system by means of a gas piston, which can be activated by simply pushing a button. The Poleasy shell contains metallic devices that are entirely chromed and which guarantee a long and complete level of resistance against atmospheric conditions.

Skin è una famiglia di vasi dalla forma lineare, il suo fascino si cela dietro la sua texture che scatena il desiderio di sfiorarli.

L'esclusiva finitura trae ispirazione dall'osservazione dei particolari di cui vive l'ambiente naturale, che rivela dettagli e geometrie apparentemente invisibili ma non insignificanti: ogni cosa ha una sua pelle.

GEM

I vasi Gem si ispirano al taglio delle pietre preziose, dal micro al macro, giocando sul filo dell'esagerazione.

Oggetti dove il dettaglio di un segno solitamente microscopico diventa l'elemento distintivo che caratterizza l'intera collezione in tutti i suoi formati. Arredi la cui presenza monolithica e raffinata diventa protagonista riuscendo ad adattarsi in maniera quasi camaleontica agli stili di ambienti più diversi.

Oggetti allo stesso tempo eleganti o informali, per interni o esterni, per uso domestico o contract capaci di valorizzare con la loro presenza qualsiasi contesto.

Gem pots are inspired by the cut of precious stones, from the micro to the macro, playing on the edge of exaggeration.

Objects where the detail of a usually microscopic sign becomes the distinctive element that characterizes the entire collection in all its formats. Furniture whose monolithic and refined presence becomes the main character, managing to adapt in an almost chameleonic fashion to the styles of different locations.

Objects that are at the same time elegant or informal, for indoor or outdoor, for home or contract use, able of enhancing any context with their presence.

Una goccia di luce, una forma archetipa e pura che nel suo dinamico slancio racconta l'ineguagliabile poesia del dono di un fiore.

Questo il pensiero ispiratore di un vaso gigante per un unico fiore, un'opera che caratterizza ogni spazio con la sua semplicità, raccontando la magia della sua storia.

Il set comprende anche Ampoule S, per una presenza elegante a centro tavola.

A drop of light, an archetypal and pure form that in its dynamic impetus tells of the unique poem of a flower gift.

This is the inspiring thought of a giant vase for a single flower, a work that characterises every space with its simplicity , telling the magic of its history.

The set also includes Ampoule S, an elegant presence in the middle of the table.

The image shows the word "TINO" in large, bold, blue letters. The letter "T" is a simple vertical bar with a horizontal crossbar at the top. The letter "I" is a single vertical bar. The letter "N" is formed by two vertical bars meeting at an angle, with a diagonal line connecting them. The letter "O" is a simple circle.

L'idea è di creare una sedia per bambini che sia anche gioco. Oggetto transazionale, richiama nel piccino tenerezza, forza, coraggio e bellezza. La forma morbida e dolce rende l'oggetto una mascotte. La proboscide di Tino è rivolta verso l'alto diventando schienale e riprendendo la simbologia di buon auspicio per l'elefante.

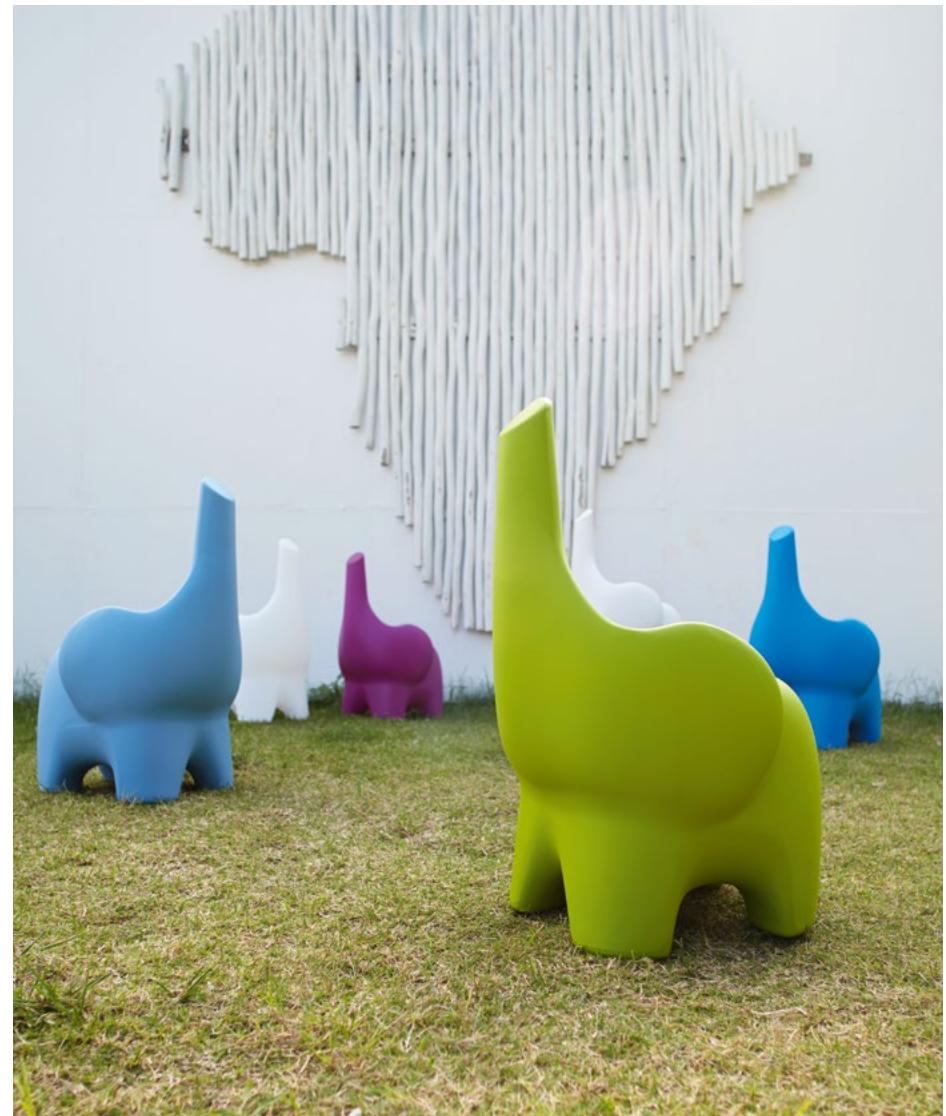

The idea is to create a children's chair and a toy too. Transactional object that recalls to the little tenderness, strength, courage and beauty. The soft and sweet shape makes it a mascot. Tino's proboscis is faced up becoming the back of the chairs and refers to the auspicious symbolism of the elephant too.

EXCELENCES

Se una filosofia è differente all'originale, differente sarà in tutte le sue variazioni e sviluppi. NON è un semplice teorema matematico, ma la semplice enunciazione della vision MYYOUR: uno scarto e uno scatto sempre oltre l'ovvio. una tenace sfida al pensiero immobile sostenuta da una solidissima padronanza dei materiali, dalla quale si sprigiona sempre la scintilla dell'idea. Da qui la continua evoluzione riguardo la ricerca di nuovi materiali e nuove finiture, per essere sempre un passo avanti e riconosciuti come eccellenti.

If a philosophy is different from its origins, different will be its variations and changes. It is not a math theorem, but simply My your vision: a gap and step forward from evidence. An hard challenge to the immobile thought, supported by a strong control of material where any idea spark always come from.

Hence the continuous evolution regarding the search for new materials and new finishes, to always be a step forward and recognized as excellent.

Non sono solo il design e le tecnologie a fare la differenza nei prodotti MYYOUR: anche per quanto riguarda i materiali l'azienda padovana oggi è in grado di esprimere il massimo grazie a un nuovo polietilene speciale denominato Poleasy, messo a punto attraverso un lavoro di ricerca durato anni con l'obiettivo di eliminare quelle microporosità superficiali responsabili della formazione di antiestetiche patine e, nel tempo, anche di possibili fessurazioni.

Poleasy, risolve definitivamente il problema garantendo alle creazioni MYYOUR superfici più compatte e performance davvero uniche in fatto di durata, lavabilità e brillantezza dei colori.

Design and technology are not the only factors that make the difference in MYYOUR products: also because, as far as the materials are concerned, this company, which is based in Padua, Italy, is able to fully express itself thanks to a new and special type of polyethylene called Poleasy.

Poleasy was developed after long years of research. In fact our research was focused on finding a way to eliminate the microporous surfaces that are responsible for the formation of anti-aesthetic patinas or cracks over time. Poleasy, has entirely solved this problem by ensuring compactness to the surfaces of MYYOUR's creations and a better performance in terms of durability, washability and color brightness.

O X I
 D I
 Z E D

La continua ricerca ed evoluzione porta MYYOUR a scoprire sempre nuovi orizzonti. Il different concept diventa different finishing: MYYOUR presenta l' "ossidato" nei colori rame e ruggine.

L'accurata lavorazione, che mette in simbiosi due materiali chiaramente agli antipodi, prevede l'utilizzo di particelle di ferro come rivestimento, il cui processo di ossidazione viene attivato da prodotti specifici e bloccato da un'apposita vernice trasparente, che ne permette l'utilizzo all'esterno. Così facendo il materiale plastico trasforma la sua natura diventando metallico. Inoltre, essendo il procedimento di ossidazione eseguito manualmente, ogni articolo è unico.

The continuous research and development leads MYYOUR to discover new horizons. The different concept becomes different finishing: MYYOUR presents the "oxidized" in the copper and rust colors.

The careful manufacturing, which puts in symbiosis two materials clearly poles apart, involves the use of iron particles as a coating, whose oxidation process is activated by specific products and stopped by a special transparent varnish which allows the outdoor use. In this way the plastic material transforms its nature becoming metal, it is evident in the fact that a magnet is attracted to it. Since this is a purely manual processing, makes each item different and unique.

Un velo che maschera la sua vera identità. Una verniciatura speciale, applicata direttamente sulla superficie del prodotto, che permette di perdere la percezione della plastica e rendendolo così prezioso alla vista e al tatto. Ogni singolo prodotto realizzato con questa finitura infatti, conserva la sua naturale matericità rimanendo esteticamente al passo con le tendenze del momento.

A veil that masks his true identity. A special painting applied directly on the surface of the product, which allows the loss of the plastic perception and make it so precious to the eyes and touch. In fact, every single product made with this finish retains its natural materiality, remaining aesthetically in line with the trends of the moment.

Caratteristiche tecniche

- Asciugatura più veloce rispetto a una tradizionale schiuma per imbottitura (fino 3 volte di più).
- Riduzione dei tempi di asciugatura di un cuscino finito fino al 50%
- Maggiore durata, anche dopo immersione in acqua di mare o di piscina
- Protezione integrata contro batteri e muffe

Dryfeel® è un tipo diverso di schiuma specificatamente studiata per applicazioni da esterno, dove il rischio di umidità è maggiore. Dryfeel® è stato progettato per offrire una struttura cellulare completamente aperta che consente all'acqua e all'umidità di passarvi attraverso in modo rapido ed efficace, assicurando il massimo confort in ogni condizione di umidità. È portante e asciuga molto più rapidamente grazie alla sua struttura cellulare estremamente porosa. Le sue celle completamente aperte permettono un completo drenaggio dell'acqua, riducendo significativamente i tempi di asciugatura, pur mantenendo tutte le sue caratteristiche. È trattato con biocidi che distruggono gli organismi nocivi quali batteri, muffe e funghi.

Technical features

- Faster drying than a traditional padding foam (up to 3 times more).
- Reduction of drying times of a finished cushion up to 50%
- Longer life, even after immersion in sea or pool water
- Integrated protection against bacteria and molds

Dryfeel® is a different type of foam specifically designed for outdoor applications, where the risk of humidity is higher. Dryfeel® has been conceived to offer a completely open cellular structure that allows water and moisture to pass through quickly and effectively, ensuring maximum comfort in all conditions of humidity. It is load-bearing and dries much more quickly thanks to its extremely porous cellular structure. Its fully open cells allow complete drainage of the water, significantly reducing the drying time, while maintaining all its characteristics. It is treated with biocides that destroy harmful organisms such as bacteria, molds and fungi.

DESIGNERS

BROGLIATO TRAVERSO

About

Alberto Brogliato and Federico Traverso founded BrogliatoTraverso design studio in 2014. Their approach to design is 'NO TIME, NO SPACE' and refers to ideate objects with a timeless design. BrogliatoTraverso work by creating a detailed sign, but almost invisible. With these finely hinted forms, their creations establish deep intimate empathy with the users and their surroundings, respecting both of them. Their fine simplification process delivers projects addressing the needs of consumers and made for various companies, including Cappellini, Fratelli Guzzini, Infiniti, Il Fanale/Torremato, MyYour. The Studio won many international awards, including the Red Dot Design Award, German Design Award, iF Design Award and Good Design Award.

CROUS CALOGERO

About

CrousCalogero is a product design consultancy founded in 2009 by Francesc Crous and Alessandro Calogero after a decennial experience side by side with famous designers and inside big companies design departments.

They explain their method as follows:

"Our way of working is simple: we try to get to the essence of things, eliminating what is superfluous, always with a focus on the human being. We don't like 'sculptural' objects, to admire from a distance. We want our objects to transmit a desire to be touched. Functional quality is a basic requirement we take for granted. On top of it we try to suggest a story, made of memories or sensations, to create that impalpable link between objects and people."

In recent years they strengthen their collaboration with different international design firms. Alongside their professional activity they also teach at the design school EINA in Barcelona.
